BTO: DG SANTE-BASF meeting

21 October 2019

The meeting took place at DG SANTE premises following a request from BASF.

BASF

- discussed the status of pending GMO applications;
- o shared their views on the impacts of the CJEU ruling on mutagenesis;
- o asked the Commission if it intends to take any initiative following the CJEU ruling;
- o inquired about the impact of the new General Food Law (Transparency Regulation) for the submission of applications and risk communication.

• DG SANTE stated that

- o the CJEU ruling must be implemented;
- there are no plans for any initiative on gene editing under this College of Commissioners;
- the new GFL enters into force in March 2021 and clarifications will be channelled through EuropaBio if needed.
