Subject: FW: Stakeholder Consultation on new genomic techniques

Dear [REDACTED],

Thank you for your email of 15 April 2020 addressed to Ms. Jülicher, and for taking the time to formulate replies using an older and draft version of the questionnaire on new genomic techniques.

As we clarified in our previous communication with [REDACTED] on 13/03/2020, the consultation targets EU-level stakeholder organisations that could be directly or indirectly impacted and/or have potential interest in new genomic techniques. Therefore, contributions from national-level stakeholders can be coordinated and submitted through an EU-level stakeholder. To help you, the list of consulted stakeholder organisations has been published on the Commission website https://ec.europa.eu/food/plant/gmo/modern_biotech/new-genomic-techniques_en. For your information, Food Drink Europe is one of the consulted stakeholders, and the European Dairy Association is one of their members.

We hope this is information useful and thank you for your understanding.

Best wishes

European Commission
 DG Health and Food Safety
 Unit E3 – Biotechnology

Sehr geehrte Frau Jülicher,

anliegend erhalten Sie unsere Anmerkungen zum Fragebogen New Genomic Techniques mit der Bitte um Berücksichtigung bei den weiteren Beratungen.

Mit vielem Dank für Ihre Bemühungen und mit freundlichen Grüßen

Milchindustrie-Verband e.V.
