Dear [REDACTED],

Thank you for your email and the kind invitation.

As already explained on the phone, unfortunately we are not able to participate in your forthcoming meeting.

At this stage, work is on-going concerning the study on the status of new genomic techniques. For your information, we have published a Q&A on the study on our website, should this be of interest you.

Thank you for your understanding and best wishes.

Dear [REDACTED],

On behalf of COCERAL, I would be glad to invite you to attend the **Food&Feed Safety Section (FFS)** Meeting (videoconference on **22 of September**, 2 slots available: 10:30 -12:30 and then 13:30 - 14:30) to give a short presentation on the **overall NGT progresses**.

It could be just fine to only consider the procedural aspects/timeline, as I understand that otherwise the topic could be delicate.

The FFS Committee is one of the 2 COCERAL Committees (major working groups). In case you couldn't be available, I would also very welcome a colleague of yours.

I would then be happy to give you a call soon to better discuss the details together.

Thanks and Best regards,
