**Subject:** FW: online-event on new genetic engineering on 19 November - invitation as a speaker

Dear [REDACTED]  
Thank you for your email and the invitation to join the online event of the Austrian Chamber of Labour. Unfortunately, due to other commitments me and my staff will not be available for this meeting. However, we would be very interested in receiving the proceedings from the event as well as the new study you mention in your email.  
I would like to wish you success with your meeting and thank you for your understanding;

Best regards,

[REDACTED]

**Subject:** online-event on new genetic engineering on 19 November - invitation as a speaker

Dear [REDACTED],

my name is [REDACTED] from the Austrian Chamber of Labour at the Permanent Representation of Austria.

On 19 November 2020 we plan an online-event on **new genetic engineering (genome editing)**. At this event, we would like to present a

new study by the Chamber of Labour and which looks at different scenarios regarding possible regulation/deregulation on these new techniques and what this would mean from the point of view of consumers. After the presentation, we would like to further discuss the results of the study with a high level panel.

We would kindly like to **invite you** to be a **speaker** on the panel: The online-event will take place on **19 November from 14:00 to 15:00**. For the debate MEP Günther Sidl and [REDACTED] (Vienna Chamber of Labour) confirmed their participation as a speaker. In addition a representative from the gen-free food industry is requested.

The Austrian Federal Chamber of Labour (BAK) represents the interests of approximately 3.8 million employees and consumers in Austria and is part of the Austrian Social Partnership (<https://www.arbeiterkammer.at>). The BAK is registered under the number 23869471911-54 in the EU Transparency Register.

If you have further questions don't hesitate to contact us. We are looking forward to your reply.

Kind regards,  
[REDACTED]

[REDACTED]
