Subject: EURL Explanatory note and possible presence at Standing Committee 2001/18 on 18/10/2018

Dear [REDACTED]

On 18/10, we have organised a meeting of the 2001/18/EC Standing Committee. The CJEU court ruling will again be on the agenda. We were wondering whether it would be possible for you to be present, as you were during the SC PAFF meeting on 11 September. It could be an occasion to present the explanatory note on the detection of genetically modified food or feed originating from genome editing, discussed during the last ENGL workshop.

If you would be able to attend, please indicate the time slot that suits you best so that we can try to accommodate. If there would be a conflict of agendas, would you agree that we share the explanatory note with the MSs? We think it would be useful to realise the challenge the ruling brings for enforcement.

Kind regards,

[REDACTED]
