Subject: RE: Kind reminder: Follow-up PAFF meeting 11/09/2018 on new mutagenesis techniques

Dear [REDACTED],
Dear Colleagues,

Regarding the discussion about new mutagenesis techniques, the competent authority would like to inform you that in Luxembourg:

- No applications have been received about approval of varieties for cultivation that have been developed with new mutagenesis techniques,
- No products obtained by new mutagenesis techniques are registered in the national variety list.
- No Field trials involving organisms modified by a new mutagenesis technique have taken place in Luxembourg.
- No questions from stakeholders regarding the ECJ judgement were received.

Best Regards,

[REDACTED]

Subject: Kind reminder: Follow-up PAFF meeting 11/09/2018 on new mutagenesis techniques

Dear Competent Authority for Regulation (EC) No 1829/2003,

Following our request to Member States at the PAFF meeting of 11/09/2018 to provide information and data on new mutagenesis techniques, we have not yet received feedback from your Competent Authorities.

We understand the difficulties that can arise from gathering the data and liaising with the relevant authority from the Regulatory committees 2001/18/EC and 2009/41/EC), and invite you to inform us on when you think an answer could be expected.

Your reply, together with those from the other Member States, would contribute to a fruitful discussion on the issue at the next regulatory committee 2001/18 on 18 October 2018.

Thanks in advance for your cooperation.

Best regards,
