**Subject:** RE: Kind reminder: Follow-up PAFF meeting 11/09/2018 on new mutagenesis techniques

Dear,  
as a central and coordinating body for performing expert activities related to GMOs in Republic of Croatia in accordance to the article 4 Croatian Act of GMOs (OG 70/05, 137/09, 28/13, 47/14 I 15/18) we hereby would like to inform you that Croatia has no registered varieties in national catalogues, which have been produced by using „new“ techniques of mutagenesis. And we also inform that Croatia has no field trials with plants produced with „new“ techniques of mutagenesis. We will send our official statement as soon as possible.  
Best regards,

[redacted]

**Subject:** Kind reminder: Follow-up PAFF meeting 11/09/2018 on new mutagenesis techniques

Dear Croatian Competent Authority for Regulation (EC) No 1829/2003,

Following our request to Member States at the PAFF meeting of 11/09/2018 to provide information and data on new mutagenesis techniques, we have not yet received feedback from your Competent Authorities.

We understand the difficulties that can arise from gathering the data and liaising with the relevant authority from the Regulatory committees 2001/18/EC and 2009/41/EC), and invite you to inform us on when you think an answer could be expected.

Your reply, together with those from the other Member States, would contribute to a fruitful discussion on the issue at the next regulatory committee 2001/18 on 18 October 2018.

Thanks in advance for your cooperation.

*Best regards,*

DG SANTE/E/3
