Subject: Kind reminder: Follow-up PAFF meeting 11/09/2018 on new mutagenesis techniques

Dear Romanian Competent Authority for Regulation (EC) No 1829/2003,

Following our request to Member States at the PAFF meeting of 11/09/2018 to provide information and data on new mutagenesis techniques, we have not yet received feedback from your Competent Authorities.

We understand the difficulties that can arise from gathering the data and liaising with the relevant authority from the Regulatory committees 2001/18/EC and 2009/41/EC), and invite you to inform us on when you think an answer could be expected.

Your reply, together with those from the other Member States, would contribute to a fruitful discussion on the issue at the next regulatory committee 2001/18 on 18 October 2018.

Thanks in advance for your cooperation.

Best regards,
