Subject: More information on consequences from the ECJ ruling Corrected version
Attachments: Corrected version Information from Swedish businesses and universities.pdf

Importance: High

Dear Sir/Madame

Yesterday you received a document from us with information on the consequences of the EU Court of Justice (ECJ) ruling from Swedish organisations, companies and research institutes. We were just informed of a mistake in the document. It is stated that one of the companies has a turnover of approximately 1.2 million EUR per year when the correct number is 180 million EUR per year. This is a major difference and the fault is the SBAs and we ask you kindly to replace the document you received yesterday (dated Dec 19) with the one annexed to this mail (dated Dec 20).

Kind regards, [REDACTED]
