Article 114 TFEU

Title **Internal Number** Grow scientific progress: crops matter! REQ.ECI(2019)000013 **Subject Initiative Number** Directive 2001/18/EC is outdated. We as students of Life Sciences consider it important to revise the current exemption mechanism stipulated in the Directive, with regards to new plant breeding techniques (NPBTs). **Request Date Description** 25/05/2019 Specifically we demand for more legal clarity and further definitions. Our objective is to facilitate the authorization procedure for those products obtained through Initiative language NPBTs, which carry only natural existing traits. The aim is to improve scientific progress in the European Union while protecting human and animal health and the **English** environment. Provisions of the Treaties considered relevant by the organisers
