

This document is made available through the declassification efforts
and research of John Greenewald, Jr., creator of:

The Black Vault

The Black Vault is the largest online Freedom of Information Act (FOIA)
document clearinghouse in the world. The research efforts here are
responsible for the declassification of MILLIONS of pages
released by the U.S. Government & Military.

Discover the Truth at: <http://www.theblackvault.com>

7/16 7 #6.

1. Become familiar with broad literature.
2. Evaluate proposals
 - a. Light--Flash Blindness
 - b. Impact
3. Biomedical assistance to
 - a. Toxicity of compounds
 - b. Other (?)
4. Occasional quick response capability to provide best guess answers to specific questions.
5. Feasibility of electric shock as a system--not hardware but the effect on humans.
6. Feasibility of any impact system designed to bring about unconsciousness with low lethality risk. Considering--differences in range, angle of impact, position of head at impact, area of impact, etc.
7. New concepts for non-lethal incapacitation
8. Field tests--animals (?)

(1a) Bluebook

(1) Get clearance on

(2) Get cover on non-hazardous crowd or riot control (particularly the sponsor for program)

(4) Travel - depends on extent to which I asked them to visit other contractors.

(5) Dogs - Animals are available and cared for anyway - we are not paying for what we don't use.

(5) Consultant Fees - those cited are for clinicians from clinic for instance and hospital - charge by hour (not taking care of patients).

personnel are on salary and consultant fees would be minimal.

(6) Of the "Review Proposal" is not sufficient for the Bluebook - } will phone what's OK. If necessary send signed copy.
